ALFRED DREYFUS

Late of Devil's Island.

He Calls His Accusers Hard Names.

Excitement Attends the Court Proceedings.

By Associated Press to the Journal.

PARIS, Aug. 12.—Paul DeRoude, founder of the league of patriots and member of the chamber deputies, was arrested this morning. A number of members of anti-semitic and patriotic leagues were also arrested. It is said that the arrests were made as the result of a magisterial inquiry regarding a conspiracy organized for the purpose of accomplishing a change in the form of government. The persons implicated belong to groups of royalist youth and patriotic and anti-semitic leagues.

RENNES, Aug. 12.—A trying scene closed today's session in the Dreyfus trial. General Mercier had spoken nearly four hours in ruthless denunciation when Dreyfus shouted in a voice which resounded through the hall like a trumpet note: "You have lied, you scoundrel!" The audience burst into wild cheers.

When Gen. Mercier replied he would admit Dreyfus was innocent if there was any doubt, the prisoner again shouted: "Why don't you, then."

This was followed by another outburst of applause. Ex-President Casimir Perier demanded to be confronted with Mercier in order to deny some of his statements. Col. Jonaus ordered the court to adjourn until Monday and as ex-President Mercier turned to leave the court the audience rose en masse and hissed and cursed him. Mercier hurried out of the court room through a side door amid the fierce denunciations of the audience.

RENNES, Aug. 12.—During the examination of Ex-President Casimir Perier, at the Dreyfus trial today, he said: "Whatever I may have said in the past, whatever people may believe and say, that I alone am aware of the incidents and facts which might throw light and that I have not hitherto said all, justice ought to know, that it is all false. I will not leave this place until I have left the unalterable conviction that I know nothing which might throw light on the case and that I have said all that I know." The former president then repeated the evidence he had given before the court of cassation.

It appears the officials have unearthed telegrams sent by the Duke de Orleans, from Brussels, at the time of President Faure's funeral, during trial of DeRoude. Traces were discovered of a fresh plot and consultations as to whether an attempt would be made to change the form of government before or after the Rennes court martial. The government judging time action had arrived, ordered the arrests made.

There will be seats for four men, who will constitute the crew and provisions for at least 1000 pounds of cartridges. The whole concern is expected to weigh about 1000 pounds.

Friday while Stensloff's meat wagon stood near the Catholic church the horse became frightened and ran away, coming down Chemeketa street and leaving the cart wheels near Dr. Richardson's residence. SHEEP RAISER

Robbed by Commission Merchants of Their Proceeds.

CHICAGO, Aug. 12.—James L. Milner, a sheep raiser and ranch owner, of Musselshell, Mont., today filed a bill in the superior court making charges of fraud against the Sibley Warehouse company. Milner claims that under the name of the Chicago Wool Exchange, warehouse he got 20,000 pounds of wool from him and disposed of it, contrary to his order and he did not receive the proper proceeds from the sale. He declares the name of wool exchange was used simply to get shipments of wool and the directory of the alleged concern is identical with the warehouse.

Killed Prisoners.

CHICAGO, Aug. 12.—A special to the Chronicle from El Paso, Tex., says: News has been received from Montezuma that when General Torres learned that his nephew had been killed by the Yaquis, he promptly ordered that forty prisoners who have fallen into his hands during the engagement of three weeks ago to be put to death, and they were accordingly taken out and shot. Only 20 Indians were killed in the battle, but the official returns gave it as 60, accounting for the 40 prisoners as killed in battle.

The Yaqui's Prisoners.

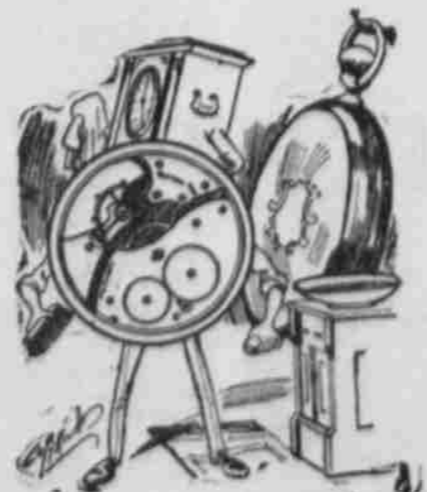

DENVER, Aug. 12.—A special to the News from Nogales, Ariz., says: Information from the scene of the Yaqui war conveys the intelligence that Father Beltran, the priest who was reported killed at the time of the outbreak, is still alive and in the hands of the insurgents. The latter have notified the military authorities that when the federal troops attack them where they are entrenched, at Bacum, they will kill the priest, his brother and two Sisters of Charity, whom they have also taken captive.

ILLEGAL TRADING

To Be Stopped in Manila.

Aguinaldo Retaliating On Gen. Otis.

Root's Appeals Are for Aid Being Responded To.

By Associated Press to the Journal.

NEW YORK, Aug. 12.—A special to the Times from Washington says: Serious consideration is being given by the authorities to the question of suppressing illegal trading between the Filipino insurgents and territory under their control and the outside world.

The situation is complicated, according to General Otis, by the action of Aguinaldo, in interdicting traffic between native seaports not under control of American forces and ships of American register. This interdiction, Otis says is in retaliation for his action in issuing licenses to persons in Manila to continue trading in the staple products of the islands.

NEW YORK, Aug. 12.—Special to the Times from Washington says: In reply to question concerning the views on expansion, Senator Stewart of Nevada, said: "We have expanded and it is no longer a question as to whether or not we are in favor of it."

It makes no difference whether the United States had a right to buy those islands or whether Spain had a title to dispose of them. The facts remain that we did buy them and we are there now to give the natives an opportunity to rule themselves."

WASHINGTON, Aug. 12.—Responses to the appeals of Secretary Root for aid for the suffering and destitute in Porto Rico, are coming in from the mayors of different cities in a most gratifying manner. The work of relief will be commenced at once, and pushed with all vigor.

Boy Wants a Bond.

The fact that the new city bonds will constitute a popular loan in every sense of the word receives a new proof today. The latest subscription comes from a boy 13 years of age who subscribes for a \$50 bond. The money is his own savings and he wishes to put it where it will be safe and will be earning something at the same time. If this is not better than turning the bonds over to some eastern party, even though the city might, at first, realize a few dollars more, it would be interesting to know the reason why. The last subscriber appears on the list thus: Carl Gies.....\$50

KRUGER WAITING

For Something to Turn Up.

Boers Can Expect no Help From Germany.

English Have Secured Concessions from Portugal.

By Associated Press to the Journal.

LONDON, Aug. 12.—President Kruger still seems to be waiting on events. Latest telegrams are more reassuring, but nothing decisive is known as to whether Chamberlain's proposal for a joint inquiry will be accepted.

The fact that the semi-official German papers are beginning to hint plainly that the Transvaal can expect no help from Germany may combine with British government's steady preparations for war to hasten a satisfactory settlement.

In any case, no military movements will be possible until October.

A rumor is current that Great Britain has secured a concession from Portugal providing that in the event of hostilities in South Africa Great Britain will be permitted to land troops at Delagoa bay and then march into the Transvaal.

Crop Failure in Russia.

Energetic steps have been taken to meet the situation. The famine districts are divided up, and the government is acquiring knowledge of the failure in the several districts.
